**Sample Abstract**

**Abstract**—Audio sentiment analysis using automatic speech recognition is an emerging research area where opinion or sentiment exhibited by a speaker is detected from natural audio. It is relatively under-explored when compared to text-based sentiment detection. Extracting speaker sentiment from natural audio sources is a challenging problem. Generic methods for sentiment extraction generally use transcripts from a speech recognition system, and process the transcript using text-based sentiment classifiers. In this study, we show that this baseline system is sub-optimal for audio sentiment extraction. Alternatively, new architecture using keyword spotting (KWS) is proposed for sentiment detection. In the new architecture, a text-based sentiment classifier is utilized to automatically determine the which are then used as a text input for KWS. In order to obtain a compact yet discriminative sentiment term list, iterative feature optimization for maximizing entropy sentiment model is proposed to reduce model complexity while maintaining effective classification accuracy. A new hybrid ME-KWS joint scoring methodology is developed to model both text and audio-based parameters in a single integrated formulation. For evaluation, two new databases are developed for audio-based sentiment detection, namely, YouTube sentiment database and another newly developed corpus called IJ-Opinion. Opinion audio archive. These databases contain naturally-elicited and collected in real-world conditions. The proposed solution is evaluated on audio obtained from videos in youtube.com and IJ-Opinion corpus. Our experimental results show that the proposed KWS-based system significantly outperforms the traditional ASR architecture in detecting sentiment for challenging practical tasks.

In this study, we show that this baseline system is sub-optimal for audio sentiment extraction. Alternatively, new architecture using keyword spotting (KWS) is proposed for sentiment detection. In the new architecture, a text-based keyword classifier is utilized to automatically determine the most useful and discriminative sentiment-bearing keyword terms, which are then used as a terms list for KWS. In order to obtain a compact yet discriminative sentiment terms list, iterative feature optimization for maximum entropy sentiment model is proposed to reduce model complexity while maintaining effective classification accuracy. A new hybrid MKWS joint scoring methodology is developed to model both text and audio input sentences in a single integrated formulation. For evaluation, two databases are developed for audio based sentiment detection, namely, YouTube sentiment database and another newly developed corpus called UT-Opinion Opinion audio archive. These databases contain naturalistic opinionated audio collected in real-world conditions. The proposed solution is evaluated on audio obtained from videos in youtube.com and UTOpinion corpus. Our experimental results show that the proposed KWS based system significantly outperforms the traditional ASR architecture in detecting sentiment for challenging practical tasks.

**GRE AND TOEFL**

- Give the exam with time to spare for a second attempt if you need it
- Be familiar with the format and give lots of mock exams
- The scores are valid for 5 and 2 years so you can give these in advance and not feel rushed towards the deadline
- The scores alone do not tip the scales for admissions – there are lots of factors

## SHORTLISTING UNIVERSITIES

- Other than the ranking, also consider courses offered, location, weather and safety
- Departments and programs may have different rankings than the overall university ranking
- Don't hesitate to reach out to admissions counselors, alumni or current students
- The number of how many to apply to is upto you – between 8 and 12 varying by ambition level
- Be aware of international applicant deadlines – these are sooner than in-state

## RESUMES, SOPS AND LORS

- Build a strong, concise resume
- The SOP is you on a page – don't cover things that are on your resume – the admissions panel wants to know your interests, potential and motivation behind going to their university
- Tailor your SOP to each program
- Ask for recommendations from professors who know you, employers from internships who have appreciated your work and who will be able to make the time
- Let people who you plan to ask for recommendations know in advance and give them an estimate of how many times they'll have to do this

**Subject:** - Invitation to deliver webinar on “ c++ Brush up session”

Dear Sir / Madam,

NBN Sinhgad School of Engineering is an institute under STES and has emerged as one of the leading institute striving to provide excellent inputs to students to make them valuable human resource for the engineering industries. Due to the globalization and competition in the industrial and service sectors the selection for the jobs is based on student's skill, which sets campus interviews or competitive tests. By introducing professional practices we provide opportunity to students to undergo activities, which will enable them to develop confidence. Industry visits, workshops, Hands on skills, expert lectures, seminars & group discussions are planned in a semester so that there will be increased participation of students in learning process.

We will indebted to your good self if you accept our invitation to deliver webinar on “ c++ Brush up session” for the IT students of our institute.

Thanking you,

Yours faithfully

  
Prof. R.M. Samant

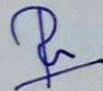

Head- IT Dept.

### Resource Person:

**Mr. Prasad Sase**– Japanese Professional & Teacher at “N Infinity engineering Academy”, it is a Pune based Japanese Language and Software training firm since 2010.

### About STTP

Japanese language is the new trend of 21st century. Pune has indisputably grown to become a major center of Japanese Education in India while increasing the precedence for Japanese connoisseurs. Japanese certainly serves a great platform to unlock a notoriously tough market and find a booming career. Learning Japanese gives an extra edge to the resume, since the recruiters consciously make note of the fact it requires real perseverance and self-discipline to tackle one of the most complex languages.

Therefore, there is a need of an hour to introduce Japanese language with utmost professionalism to create awareness about the bright prospects and to enhance the proficiency and commitment. This in turn will then prove to be the ultimate path to the quest for professional excellence.

**2<sup>nd</sup> National Conference on Cognitive Computing (NCCC-2022)****June 02-03, 2022**

Sinhgad Technical Education Society's  
NBN Sinhgad Technical Institutes Campus,  
S. No.: 10/1, Ambegaon (BK). Pune - 411041  
Ph. Nos.: 020 - 24355042

**ABOUT STES**

It is rightly said that "Where there is vision, there is direction". Sinhgad Institutes dream stems from the great Vision of our Founder President, Hon'ble Prof. M. N. Navale, which is to see each one of you emerge as a creator, a leader and an innovator.

**ABOUT NBNSTIC**

NBN Sinhgad Technical Institutes Campus (NBNSTIC) established in the year 2011 under the umbrella of Sinhgad Technical Education Society (STES), provides four years UG program in Mechanical Engg., Electrical Engg., Electronics & Telecommunication Engg., Computer Engg., Information Technology and two-years MBA program. The main focus is on developing excellent academic achievement, social mobility and character/mindset development.

**CONFERENCE INFORMATION**

Conference focus will be on latest trends on smart computing, new trends in smart city, robotics, Artificial Intelligence(AI), Internet of Things (IoT), Augmented Reality and Virtual Reality, e-Vehicles, security and surveillance, smart manufacturing and industrial automation. This Competition will provide a platform for prospective engineers to show- case their technical work in the field of engineering and management.

**CONFERENCE TRACKS AND AREA**

- \* **Smart Technology:** IoT/ Smart Vehicle, Smart Communication, Robotics, web & mobile application and cloud computing
- \* **Green Technology:** Renewable Energy, Smart Agriculture, waste management, clean water management, Smart City and sustainable environment
- \* **Smart Computing:** AI/ML, Data Science and Analytics and Image Processing
- \* **Security and Surveillance:** Cyber Security, Block chain and Video Surveillance
- \* **Interdisciplinary Aspects:** Industry 4.0,E-Vehicles, Mechatronics, Smart Factory, Smart Sensors, Healthcare andbiomedical, Financial Management, Recent trends in marketing and HR

## ❖ National Conference on Cognitive Computing (NCCC-2022)

2<sup>nd</sup> Online **National Conference on Cognitive Computing (NCCC-22)** was jointly organized by NBN Sinhgad School of Engineering and Management for students and faculties on June 2-3, 2022. This Conference provided a platform for prospective engineering students to showcase their work on hardware as well as software things in the field of Engineering and Management. Conference focus will be on latest trends on smart computing, new trends in smart city, robotics, Artificial Intelligence(AI), Internet of Things (IoT), Augmented Reality and Virtual Reality, e-Vehicles, security and surveillance, smart manufacturing and industrial automation.

### Conference tracks

\*Smart Technology: IoT/ Smart Vehicle, Smart Communication, Robotics, web\* & mobile application and cloud computing

\*Green Technology: Renewable Energy, Smart Agriculture, waste management, clean water management, Smart City and sustainable\* environment

\*Smart Computing: AI/ML, Data Science and Analytics and Image Processing

\*Security and Surveillance: Cyber Security, Block chain and Video Surveillance

\*Interdisciplinary Aspects: Industry 4.0,E-Vehicles, Mechatronics, Smart Factory, Smart Sensors, Healthcare and biomedical, Financial Management, Recent trends in marketing and HR

### Guests

Keynote Speech by Mr Neeraj Kumar on Industry 4.0

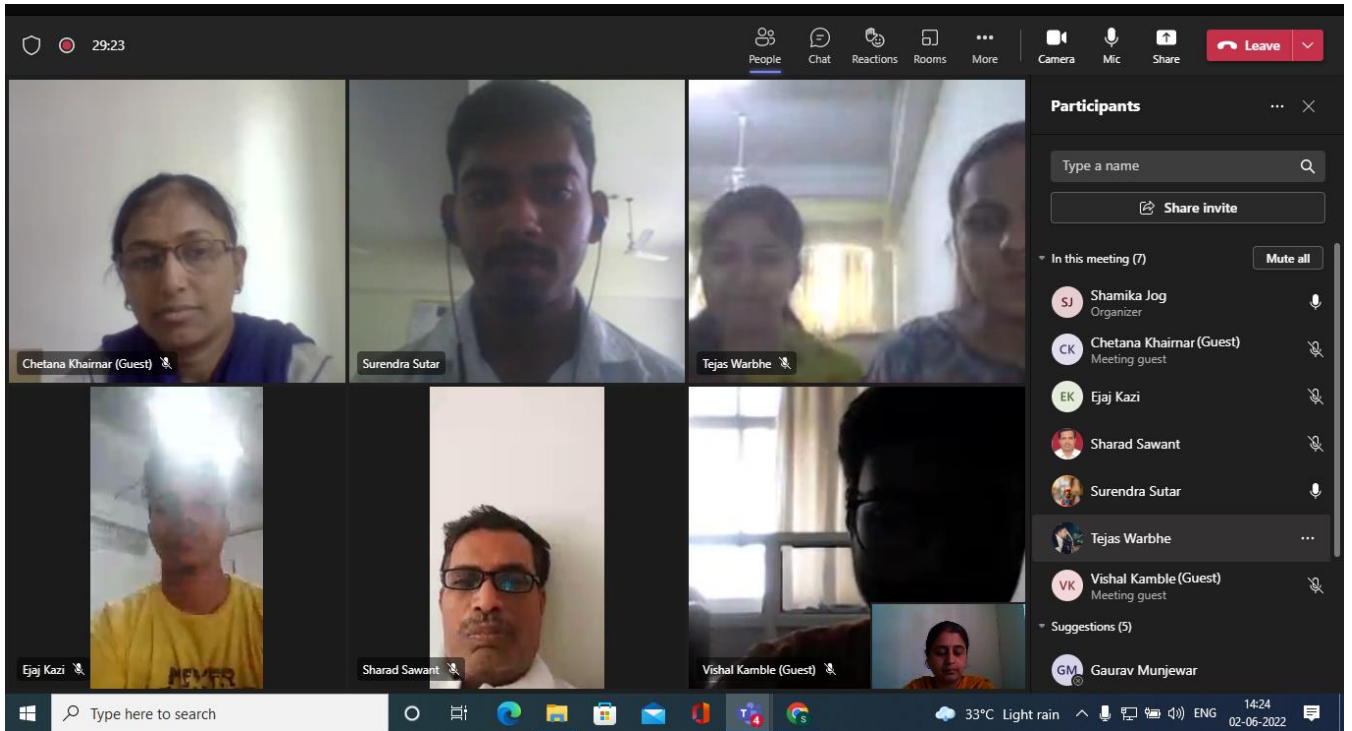

Technical Talk by Dr Raosaheb Shinde on Industry Expectation from Researchers

Technical Talk by Mrs Uma Ganest Natarajan On Industry Expectation about Future Technology

Technical Talk by Mr Brijesh Naval on Industry Research

**Subject: - Invitation to conduct an workshop on "Syllabus Implementation Workshop for SPPU Honor Course-e Vehicle"**

Dear Sir / Madam,

Ours is an Institute under STES and has emerged as one of the leading Engineering in the states.

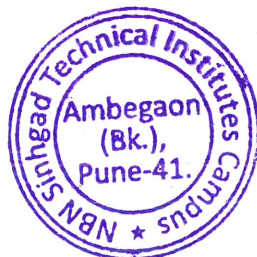

We strive to provide excellent inputs to students to make them valuable human resource for the engineering industries. Due to the globalization and competition in the industrial and service sectors the selection for the jobs is based on campus interviews or competitive tests. By introducing professional practices we provide opportunity to students to undergo activities, which will enable them to develop confidence. Industry visits, workshops, Audit Courses, Hands on skills, expert lectures, seminars & group discussions are planned in a semester so that there will be increased participation of students in learning process.

We will indebted to your good self if you accept our invitation to conduct an workshop on "Syllabus Implementation Workshop for SPPU Honor Course-e Vehicle" for the SPPU faculty members.

Thanking you,

Yours faithfully

To,

Mr. Pankaj Dorlikar,

AIT,Pune.

Dear Sir,

We are grateful to you for sparing your valuable time and conducting an workshop on "Syllabus Implementation Workshop for SPPU Honor Course-e Vehicle" for SPPU Faculty member. On behalf of the management of the 'Sinhgad Technical Education Society' & 'NBNSOIE', I would like to place on record our sincere thanks for the same.

I am confident that this will go a long way towards improving the standard of students and in improving their understanding of the subject.

We look forward to your suggestions, continued guidance and support in the future to enable us to constantly improve the standard of our Institute.

Thanking You,

Yours Sincerely

**EVENT REPORT**

**NAME OF EVENT:** - "Syllabus Implementation Workshop for "SPPU Honor Course-e Vehicle"

**EVENT TYPE:-**Workshop

**STAFF COORDINATOR:-** Mr. Ravikant K. Nanwatkar

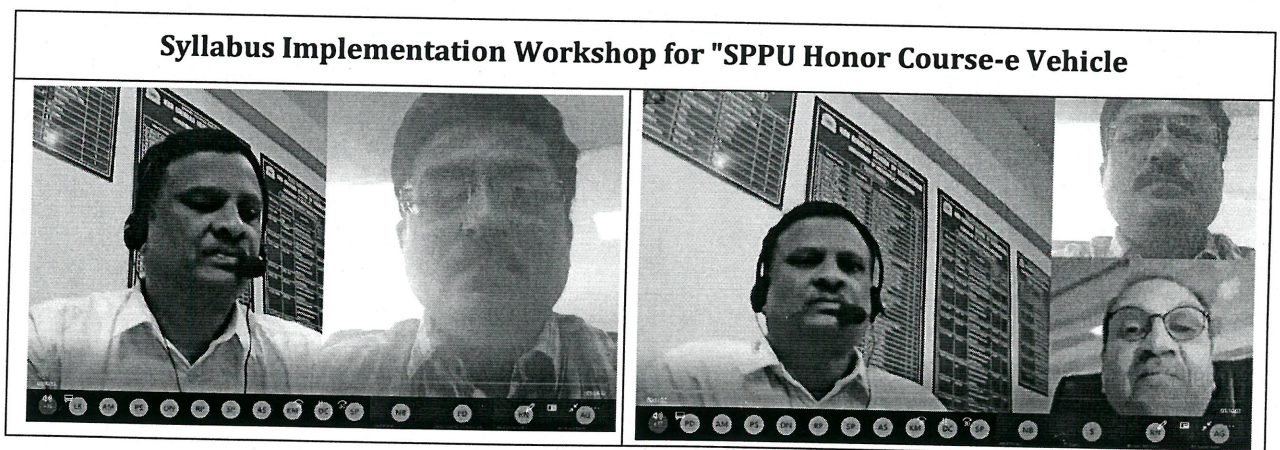

The event "Syllabus Implementation Workshop for "SPPU Honor Course-e Vehicle" organized by Mechanical Dept was started at 5/03/2022 Tuesday at 01:00 PM onwards. The event was organized online . The total no of participants were 44.

- **Topics covered:-**
- Steering System
- Suspension System
- Wheels and braking system
- Powertrain, Differential and transmission system
- Battery compartment
- Roll cage/ Body frame

The resource persons was- **Prof. Pankaj Vinyak Dorlikar AIT Pune.**

This event was concluded at 3.00 PM. The vote of thanks was given by **Mr. Govind V.Devke**

Prof. Pankaj Vinyak Dorlikar, Mechanical Engineering, Army Institute of Technology, Pune

**Syllabus implementation workshop on Honors in 'Electric Vehicles'**

Unit 1 Steering System [Marks 15/100]

Lect. No.	Topic to be covered	References	Theory/Numericals
1	Classification	R1, R2	Theory
2	Topology design of Bicycle, Dicycle, Tricycle and Quadricycle Layouts, 2W Configuration (Bicycle & Dicycle Layouts)	R1, R2	Theory
3	3W Configuration (Delta, Tadpole, Two-wheel drive with sidecars Layouts)	R1, R2, R3	Theory
4	4W Configuration (2/3/4 Seater)	R1, R2, R3	Theory
5	Geometry of Steering System	R1, R3, R4	Theory & Numericals
6	Classification and Types of steering	R1, R2, R3, R4	Theory & Numericals

**Syllabus implementation workshop on Honors in 'Electric Vehicles'**

Unit 2 Suspension System [Marks 15/100]

Lect. No.	Topic to be covered	References	Theory/Numericals
1	Classification	R1, R2, R4	Theory
2	Topology design and Types of Front and Rear Suspension System	R1, R2, R4	Theory
3	Front Suspension (which includes a Short-long arm with coil spring-over-shock absorber)	R2, R4	Theory & Numericals
4	Rear Suspension (which includes a multi-link and Pan hard rod located aluminum beam)	R2, R4	Theory & Numericals
5	Design of Shock Absorbers	R5, R3	Theory & Numericals
6	Design of Coil Springs and linkages.	R5, R3	Theory & Numericals

**Syllabus implementation workshop on Honors in 'Electric Vehicles'**

Unit 3 Wheels and Braking System

**Course Objectives** Students are expected to

- To UNDERSTAND, DESIGN and DEVELOP e-vehicles

**Course Outcomes** On completion of the course, learner will be able to

- CO3. USE of Tyres and braking systems

**Unit Contents**

- Classification, Topology design and Types of Types of wheels/Tyres and Braking Systems.
- Vehicle and body centre of gravity for movement design of e-Vehicles.
- Integration of Wheel with traction motor.
- Braking system.
- Regenerative Braking

**Syllabus implementation workshop on Honors in 'Electric Vehicles'**

Unit 4 Powertrain, Differential and Transmission System [Marks 18/100]

Lect. No.	Topic to be covered	References	Theory/Numericals
1	Gear-Box Design, Hub Motor Direct Drive Configuration.	R4, R5, R6, R7, R8	Theory & Numericals
2	Centrally Mounted Configuration, Front/Rear wheel coupling to the drive motor.	R1, R2, R3.	Theory
3	Drive Layout - One/Two / Four/All-wheel Drive Layout	R8, R9.	Theory
4	Transmission System Component design	R10, R11, R12, R13, R14, R15, R16	Theory & Numericals
5	Differential Classification and Types - Open, locked, Spool/Welded, Limited Slip, Torsen, Active, Torque Vectoring)	R17, R18, R19	Theory & Numericals
6		R20, R21	Theory & Numericals

**Syllabus implementation workshop on Honors in 'Electric Vehicles'**

Unit 5 Battery Compartment

**Course Objectives** Students are expected to

- To UNDERSTAND, DESIGN and DEVELOP e-vehicles

**Course Outcomes** On completion of the course, learner will be able to

- CO5. CATEGORIZE battery pack layouts

**Unit Contents**

- Layout specific Battery Location Selection, Constructional details of Batteries (Battery Pack Structure).
- Battery Compartment Design for Crashworthiness and Cooling, Vent Management System, Pack Cooling System.
- Battery life analysis, Battery Performance degradation modelling and analysis.

**Syllabus implementation workshop on Honors in 'Electric Vehicles'**

Unit 6 Roll-cage/Body-Frame

**Course Objectives** Students are expected to

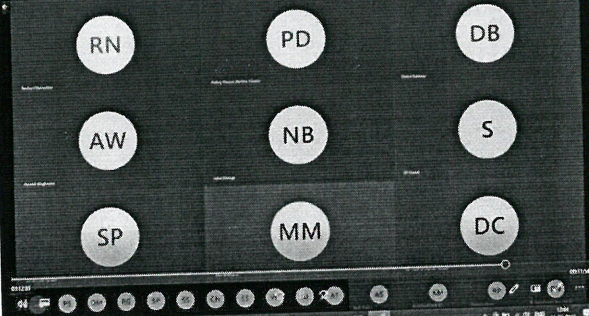

- To UNDERSTAND, DESIGN and DEVELOP e-vehicles

**Course Outcomes** On completion of the course, learner will be able to

- CO4. CATEGORIZE battery pack layouts

**Unit Contents**

- Ergonomics based Roll-cage/Frame Design, Packaging Design.
- Structural Design aspect of Roll-cage/Body-Frame.
- Impact/Crash Analysis.
- Optimization.
- Vehicle Dynamics.

**Subject:** - Invitation to deliver Webinar on “Entrepreneurship in Mechanical Engineering- Challenges and Opportunities”

Dear Sir / Madam,

NBN Sinhgad School of Engineering is an institute under STES and has emerged as one of the leading institute striving to provide excellent inputs to students to make them valuable human resource for the engineering industries. Due to the globalization and competition in the industrial and service sectors the selection for the jobs is based on student’s skill, which sets campus interviews or competitive tests. By introducing professional practices we provide opportunity to students to undergo activities, which will enable them to develop confidence. Industry visits, workshops, Hands on skills, expert lectures, seminars & group discussions are planned in a semester so that there will be increased participation of students in learning process.

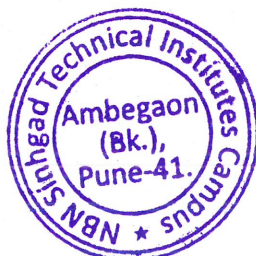

We will indebted to your good self if you accept our invitation to deliver Webinar on “Entrepreneurship in Mechanical Engineering-Challenges and Opportunities” for the SE TE BE Mech students of our institute.

Thanking you,

Yours faithfully

## Entrepreneurship Development and industrial scenario in machine design

### WHAT IS A FUEL CELL?

▪A Fuel Cell is an electrochemical device that combines hydrogen and oxygen to produce electricity, with water and heat as its by-product.

▪overall reaction: oxidation of a fuel by oxygen  
 $2\text{H}_2(\text{g}) + \text{O}_2(\text{g}) \rightarrow 2\text{H}_2\text{O}(\text{l})$   
 (Hydrogen) Fuel + oxygen  $\rightarrow$  water

### WHY IS FUEL CELL TECHNOLOGY IMPORTANT?

▪Since conversion of the fuel to energy takes place via an electrochemical process, not combustion.

▪It is a clean, quiet and highly efficient process- two to three times more efficient than fuel burning.

### How does a Fuel Cell work?

- It operates similarly to a battery, but it does not run down nor does it require recharging
- As long as fuel is supplied, a Fuel Cell will produce both energy and heat

▪A Fuel Cell consists of two catalyst coated electrodes surrounding an electrolyte

▪One electrode is an anode and the other is a cathode

▪The process begins when Hydrogen molecules enter the anode

▪The catalyst coating separates hydrogen's negatively charged electrons from the positively charged protons

### TYPES OF FUEL CELLS

Fuel Cell type	Electrolyte	Anode gas	Cathode gas	Temp °C	Efficiency %
Proton Ex Membrane (PEM)	Solid polymer membrane	Hydrogen	Pure or Atm Oxygen	75	35 - 60
Alkaline (AFC)	Potassium Hydroxide	Hydrogen	Pure Oxygen	< 80	50 - 70
Direct Methanol (DMFC)	Solid polymer membrane	Methanol soln in Water	Atm Oxygen	75	35 - 40
Phosphoric Acid (PAFC)	Phosphorus	Hydrogen	Atm Oxygen	210	35 - 50
Molten Carbonate (MCFC)	Alkali Carbonate	Hydrogen / Methane	Atm Oxygen	650	40 - 55
Solid Oxide (SOFC)	Ceramic Oxides	Hydrogen / Methane	Atm Oxygen	800 - 1000	45 - 60

### IMPORTANCE OF HYDROGEN

▪Fuel Cells require highly purified hydrogen as a fuel

▪Researchers are developing a wide range of technologies to produce hydrogen economically from a variety of resources in environmentally friendly ways

### Hydrogen Production

▪The biggest challenge regarding hydrogen production is the cost

▪There are three general categories of Hydrogen production

- Thermal Processes
- Electrolyte Processes
- Photolytic Processes

### Benefits Of Fuel Cell Technology

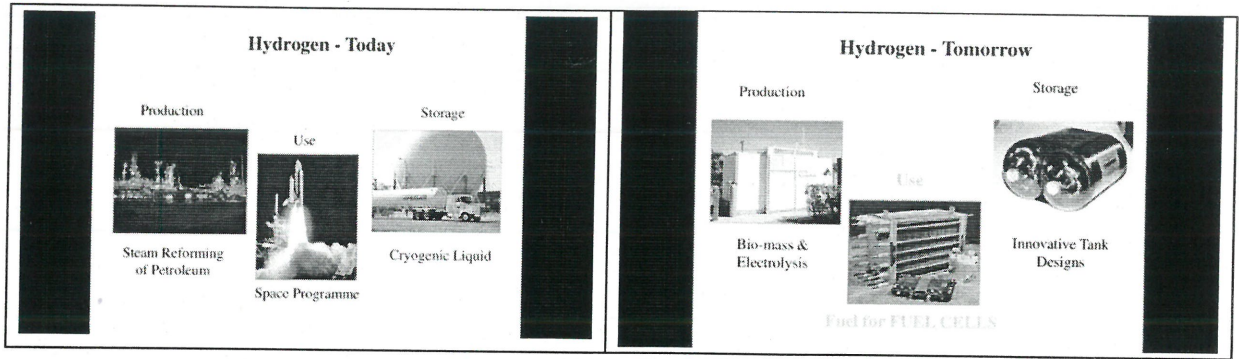

- Physical Security
- Reliability
- Efficiency
- Environmental Benefits
- Battery Replacement/Alternative
- Military Applications

**Subject:** - Invitation to conduct Today's competitive world UPSC CSE

Dear Sir / Madam,

Ours is an Institute under STES and has emerged as one of the leading Management in the states.

We strive to provide excellent inputs to students to make them valuable human resource for the management industries. Due to the globalization and competition in the industrial and service sectors the selection for the jobs is based on campus interviews or competitive tests. By introducing professional practices we provide opportunity to students to undergo activities, which will enable them to develop confidence. Industry visits, workshops, Audit Courses, Hands on skills, expert lectures, seminars & group discussions are planned in a semester so that there will be increased participation of students in learning process.

We will be indebted to your good self if you accept our invitation to conduct webinar on campus Vs Corporate -preparing for job corporate environment for the 1<sup>st</sup> & 2<sup>nd</sup> year MBA students of our institute.

Thanking you,  
Yours faithfully

## Faculty Orientation Program

### FACULTY INDUCTION PROGRAMME REPORT

### (ORIENTATION PROGRAMMES) FOR NEW JOINEES

**Date:** 23<sup>rd</sup> July 2021

**Time: Session:** - 1.00 pm to 5.00 pm

**Organizing Committee:** Mrs Jyoti Howale

**Faculty Present:** 09

The session was organized by MBA Department for the new joiners - Prof Ankita Jeewankar, Prof Kirti Joshi and Prof Avinash Dandwate. As this session would bring a comfort and idea how the department work are carried out.

Following where the areas discussed by the existing faculties

- Soft Skills and Presentation Skills By Dr. Roop Kishore Singhal discussed and emphasises was given with the understanding about the soft skill and its significance in the field of management especially towards to management education/teaching field. Team Work, Honesty, Transparency, Gratitude and some more attitude related attributes over which significance with exemplary were shared and interacted with new joiners faculty along with existing faculty who also shared their experiences and views.
- How to develop e-content for Online Teaching ,STP By Dr.Meeta Meshram discussed ,Finding the best way to deliver your content and get your students to understand you in a face-to-face teaching environment can be challenging. Doing that in an online environment can be even more challenging. With virtual learning, reactions are usually not seen and one cannot really know if and when students become confused. Also, one cannot hear their voices or get the kind of instant feedback as one would have in a classroom environment. This means we must seek different ways to present content to students in such a way that they can understand it, especially in an online environment and remain engaged as well.
- Syllabus orientation ,FDP, Alumini Interaction By Reshma Kabugade discussed in detail the Syllabus of SPPU and also gave the details of specialization selection and semester wise subject details moving further she also discussed how important is faculty development programme is important for faculties in teaching, academics and also in research. Lastly she explained how we get connected with aluminis through seminars, discussions , placement.
- Research Publication and How to apply for Research , Placements Dr.Vaibhav Kale briefed about the placement process in detail and how companies approaches to CPC and how at department and college level we are suppose to send companies to our students

and also to send to the CPC . Sir also discussed the different ways of sending the data to CPC. And also how crucial and important it is to keep an eye on placement mails. Along with the placement sir also focused how important research publication is in academics.

- Case study and overall academics By Dr. Prakash Pise discussed how this mixture of learning methods helps students gain a rounded understanding of how problems come about and are solved in business – while the traditional case method dangles all the right information and waits for the student to take the bait, real business leadership solutions often must be made without all of the information required. Sir also told that Case studies are often designed with this in mind, but obviously, the extent to which they can mirror reality is limited. Along with the case study sir also focused on overall academics carried out in MBA Department.
- How to develop different teaching pedagogy in Online/Offline Teaching, briefing about time table and academic calendar By Mrs. Jyoti Howale discussed about how important is academic calendar because each and every activity is lined up as per academic calendar even the teaching plan of the semesters. Moving ahead she also focused on how time table is prepared keeping in mind the guide lines given by SPPU and also It is verified by HOD and Principal. Lastly she also discussed how to develop different teaching pedagogy.

## Programme Outcome:

- Different teaching pedagogy in Online/Offline Teaching
- How to solve different case studies
- Detail process of placement and how important research publication is in academics.
- Information about the Syllabus of SPPU and also gave the details of specialization selection.

Dear Sir / Madam,

Ours is an Institute under STES and has emerged as one of the leading Management in the states.

We strive to provide excellent inputs to students to make them valuable human resource for the management industries. Due to the globalization and competition in the industrial and service sectors the selection for the jobs is based on campus interviews or competitive tests. By introducing professional practices we provide opportunity to students to undergo activities, which will enable them to develop confidence. Industry visits, workshops, Audit Courses, Hands on skills, expert lectures, seminars & group discussions are planned in a semester so that there will be increased participation of students in learning process.

We will be indebted to your good self if you accept our invitation to conduct webinar on campus Vs Corporate -preparing for job corporate environment for the 1<sup>st</sup> & 2<sup>nd</sup> year MBA students of our institute.

**Subject:** - Invitation to conduct webinar on Impact on Personal Taxation

Dear Sir / Madam,

Ours is an Institute under STES and has emerged as one of the leading Management in the states.

We strive to provide excellent inputs to students to make them valuable human resource for the management industries. Due to the globalization and competition in the industrial and service sectors the selection for the jobs is based on campus interviews or competitive tests. By introducing professional practices we provide opportunity to students to undergo activities, which will enable them to develop confidence. Industry visits, workshops, Audit Courses, Hands on skills, expert lectures, seminars & group discussions are planned in a semester so that there will be increased participation of students in learning process.

We will be indebted to your good self if you accept our invitation to conduct webinar on campus Vs Corporate -preparing for job corporate environment for the 1<sup>st</sup> & 2<sup>nd</sup> year MBA students of our institute.

Thanking you,  
Yours faithfully

## EVENT REPORT

### WEBINAR ON IMPACT ON PERSONAL TAXATION

DATE: 11 FEB 2022, DAY: FRIDAY

Attendance: - 45

TIME: 12.15 PM TO 1 PM

GUEST SPEAKER: CA MR. NILESH MANTRI

This session was started by DR. SanketL .Charkha , Asst. Professor and TPO of SKNCOE. He started this session by giving a welcome note. The session was organized by SKNCOE. Also students of SEOM , NBMNSSOMS , RMDSSOMS attend this session.

Moving ahead Dr.SanketL . Charkha start the session by introducing the guest speaker CA Mr.Nilesh Mantri Sir.

He is Founder of N.R.Mantri& Associate, Investor , FCA , Auditor & Finance Consultant. Also Associated CA of institute of Chartered Accountant of India.

He Experienced Owner with a demonstrated history of working in the financial services industry.

Skilled in Internal Audit, Direct Tax, Financial Services, Financial Audits, and Goods and Services Tax (GST).

Strong business development professional graduated from The ICAI.

He spoke on the impact of personal taxation.

Then he shared detail information about taxation. On 1 Feb Finance minister Nirmala Sitharaman tabled union Budget of 2022-23 in Parliament. In that tabled of union Budget there is no change in slab rate. Also 12500 rebate on tax . Means there is no tax up to 5 lakhs . Secondly he talk about additional taxes .he say how people pay an additional federal income tax on certain Non-Qualified Distributions.

And he also say that the senior citizens above the age of 75 years, who only have pension and interest as a source of income will be exempted from filing the income tax return.

Health and Education Case : Health and Education Case is levied at the rate of 4% on the amount of income-tax plus surcharge. A resident individual (whose net income does not exceed Rs. 5,00,000) can avail rebate under section 87A. It is deductible from income-tax before calculating education case.

The lastly he say's that The budget for FY23 announced last week proposes to tax any income from the transfer of any virtual digital asset at a flat 30% rate.

At the end of the session one student ask very important question is that there is no protection on virtual asset that if there is loss he should liable to pay tax on the virtual asset.

**Students Attendance: - 52**

**Faculty Coordinator: - Prof. AvinashDandavate**

Event was organized by NBNSOMS on 4 Feb. 2022 at online platform on Microsoft team. The webinar started at 10:00am and lasted till 1:00pm. Many students participated in it.

A large number of students attended this webinar. Everyone responded well. Many students asked their own questions and they understood everything in a good way. Everyone did it carefully and peacefully.

Chief guest **Mr. Javed Shaikh** Sir,

He spoke on the topic- Impact on ITES and MSME Sector. He also said, The union budget is a great starting point for our country's technology-driven transformation and we expect that this year, it should bring in more opportunities of low-interest loans for the MSME industries and a special allocation should be made towards semiconductors and silicon chip manufacturing.

He also said that, what the ITES and MSME sector is expecting this year.

### **Programme Out come**

He appreciated the webinar event and he was very happy there. It was a very successful webinar. Students got a brief idea about the union budget and how it will be useful for their career perspectives.

Thanks to all participants and speakers.
