Group No.	Name of Participants	Project Title	Contact Number
1	Mahesh Gaikwad	Messwala (Solution for small Scale Business)	9370963976

Title: - Messwala (Solution for small scale business)

Abstract: -

Nowadays, people are adopting the digital era but our small scale businesses are not able to adapt to digital technology and they are not able to grow their market/ business. so, for that we are providing the software for small scale food vendors so that they will be able to advertise their food. In our software users will able to check all mess menus. They will be able to give the feedback on menus with the help of like and dislike features and comments. This software is useful for students, employees, small business workers, and tourists. We are improving the tiffin/home delivery system and we are also improving monthly mess monthly subscription with the help of our software.

keywords: - digital system, small business, food market, food industries, software solution, make in India.
