**VERSTALIA
National Level Project Competition**

A National Level Project Competition is organised by Pune Vidyarthi Griha's College of Engineering and Technology & G K Pate(Wani) Institute of Management, Pune on 30th April 2022. Following

Name of Participants:

- 1) Miss Manasi Badade (TE E&TC)
- 2) Miss Sushmita Choure(TE E&TC)
- 3) Hrishikesh Mali (TE E&TC)

Guidelines for demonstration of the project:

1. Give the requirements needed for the project set-up well in advance i.e. 5 days before the competition.
2. The software simulation of complete project should be demonstrated.
3. The working model of the complete project should be demonstrated. Discrete working of the project components will reduce marks in the competition.
4. The time assigned for each project demonstration in online and offline mode will be 15-20 minutes.
5. The meeting link for online project evaluation will be shared on Thursday.
6. For online mode of evaluation, participants should strictly follow the time allotted for presentation.
7. For online mode of evaluation, demonstration of working model of project/simulation should be presented.

Other important guidelines

1. Participants should come in the formal/college uniform with their college identity card.
2. All participants should wear mask and follow social distancing norms.

- All participants should follow the time and wait till the end of the competition. The competition is a platform to showcase your project skills in front of various industry experts.
- For online presentation, participants should first give their introduction with camera turned on.

Participants can call the student Coordinators for any query related to display of projects in the competition.

Best Wishes for the competition.

Versatalia

National Level Project Competition

Organized by

Dept. of Electrical Engineering,

Dept. of Electronics & Telecommunication Engineering &

Dept. of Information & Technology

Technically sponsored by **IEEE**

Date: 30th April 2022

Competition Tracks:

- IoT
- Electric Vehicle & Power Systems
- Embedded Systems
- Robotics & Industrial Automation
- AI ML/DS & Cyber security
- Other topics related to Electrical, E&TC or IT.

Prizes

Total cash prize worth **Rs. 1,00,000/-**
along with
Many other opportunities.

Registration Fee: Rs. 400/- per group (Lunch & Tea/Snack included)
